What is SARMA

The South Australian Railway Modellers' Association Inc was formed in 1957 by a group of modellers interested in advancing all aspects of model railways. SARMA is a duly constituted and incorporated club with clubrooms currently situated at

“The Shed”
Corner of Lyons & Balmoral Roads
Derrancourt

SARMA holds a formal meeting on the second Wednesday of each month at 7:30pm. This is normally followed by a display of members' models and a speaker, video presentations, etc. Depending on the space available, we have general running, layout maintenance and model construction on the other Wednesday evenings. We also have occasional social events.

SARMA currently has HO and N scale exhibition layouts.

SARMA currently has around one hundred local, country and interstate members presided over by a twelve member executive committee.

The club magazine, “The Buffer Stop” published monthly, contains information for members, construction articles, helpful hints etc.

SARMA welcomes new members offering adult, family, junior, corporate and country/interstate membership.

If you would like to know more about SARMA, please feel free to talk to any of our members and/or visit us on any Wednesday evening. You will be under no pressure or expectation to become a member for at least the first few visits.
